TO WHOM IT MAY CONCERN

During my past 15 years Dacorom International Srl was the sole agent I used in Romania.

Dacorom International provided freight forwarding and custom broker services as well as transportation and logistic services that have been operationally sound and coordinated effectively.

Dacorom International has consistently demonstrated their industry knowledge and provided prompt reporting activities. Their staff has been pleasant, team oriented, and made our working relationship enjoyable.

Dacorom's team of professionals has provided my staff with a very high level of service and satisfaction.
